School Operations During a Pandemic or Other Health Emergency

(Updated: May 2021)

This handbook procedure is meant to apply generally to any pandemic or other health emergency and should be supplemented with other relevant and timely information. For the most up to date information regarding 2021-2022 school re-opening and health and safety guidance, please go to www.dps109.org.

A pandemic is a global outbreak of disease. Pandemics happen when a new virus emerges to infect individuals and, because there is little to no pre-existing immunity against the new virus, it spreads sustainably. Your child’s school and district play an essential role, along with the local health department and emergency management agencies, in protecting the public’s health and safety during a pandemic or other health emergency.

During a pandemic or other health emergency, you will be notified in a timely manner of all changes to the school environment and schedule that impact your child. Please be assured that even if school is not physically in session, it is the goal of the school and district to provide your child with the best educational opportunities possible.

Additionally, please note the following:

1. All decisions regarding changes to the school environment and schedule, including a possible interruption of in-person learning, will be made by the Superintendent in consultation with and, if necessary, at the direction of the Governor, Illinois Department of Public Health, local health department, emergency management agencies, and/or Regional Office of Education.

2. Available learning opportunities may include remote and/or blended learning. Blended learning may require your child to attend school on a modified schedule.

3. Students will be expected to participate in blended and remote instruction as required by the school and district. Parents are responsible for assuring the participation of their child. Students who do not participate in blended or remote learning will be considered truant.

4. All school disciplinary rules remain in effect during the interruption of in-person learning. Students are subject to discipline for disrupting the remote learning environment to the same extent that discipline would be imposed for disruption of the traditional classroom.

5. Students and parents will be required to observe all public health and safety measures implemented by the school and district in conjunction with state and local requirements.

6. During a pandemic or other health emergency, the school and district will ensure that educational opportunities are available to all students.

7. School personnel will work closely with students with disabilities and other vulnerable student populations to minimize the impact of any educational disruption.

8. Students who have a compromised immune system, live with an individual with a compromised immune system, or have a medical condition that may impact their ability to attend school during a pandemic or other public health emergency should contact school officials.
9. During a pandemic or other health emergency, teachers and school staff will receive additional training on health and safety measures.

10. In accordance with school district or state mandates, the school may need to conduct a daily health assessment of your child. Parents and students will be notified of the exact assessment procedures if this becomes necessary.

11. Parents should not send their child to school if their child exhibits any symptoms consistent with the pandemic or other health emergency.

12. Please do not hesitate to contact school or district officials if you have any concerns regarding your child's education, health or safety.

General School Information

Visitors

All visitors, including parents and siblings, are required to enter through the front door of the building and proceed immediately to the main office. Visitors should identify themselves and inform office personnel of their reason for being at school.

District 109 uses LobbyGuard for the check-in process to increase the safety of students, staff, and visitors. During school hours, all visitors will present their driver’s license or other State ID to be scanned through the LobbyGuard system. The steps are:

1. Upon arrival at the school office, the visitor presents his or her license or State ID to office staff.
2. Staff scans the visitor’s ID using the LobbyGuard system.
3. If cleared through the LobbyGuard system, the visitor receives a photo ID badge printed from LobbyGuard in an orange visitor lanyard. Office staff will remind visitors that they must return their badge and lanyard to check out; signs at exits will also remind visitors to check out through the office.
4. If not cleared through the LobbyGuard system, Office staff will follow the procedure for “Failed Check”
5. Upon completion of the visit, visitors must return their ID badge and lanyard to the front office to be properly checked out.
Any person wishing to confer with a staff member should contact that staff member to make an appointment. Conferences with teachers are held, to the extent possible, outside school hours or during the teacher’s conference/preparation period.

Visitors are expected to abide by all school rules during their time on school property. A visitor who fails to conduct him/herself in accordance with these procedures or otherwise in a manner that is appropriate will be asked to leave and may be subject to criminal penalties for trespass and/or disruptive behavior. Trespassing on school grounds is prohibited.

No person on school property or at a school event shall perform any of the following acts:

1. Strike, injure, threaten, harass, or intimidate a staff member, board member, sports official or coach, or any other person.
2. Behave in an unsportsmanlike manner or use vulgar or obscene language.
3. Unless specifically permitted by State law, possess a weapon, any object that can reasonably be considered a weapon or looks like a weapon, or any dangerous device.
4. Damage or threaten to damage another’s property.
5. Damage or deface school property.
6. Violate any Illinois law or municipal, local or county ordinance.
7. Smoke or otherwise use tobacco products.
8. Distribute, consume, use, possess, or be impaired by or under the influence of an alcoholic beverage, cannabis, other lawful product, or illegal drug.
9. Be present when the person’s alcoholic beverage, cannabis, other lawful product, or illegal drug consumption is detectible, regardless of when and/or where the use occurred.
10. Use or possess medical cannabis, unless he or she has complied Illinois’ Compassionate Use of Medical Cannabis Act and district policies.
11. Impede, delay, disrupt, or otherwise interfere with any school activity or function (including using cellular phones in a disruptive manner).
12. Enter upon any portion of school premises at any time for purposes other than those that are lawful and authorized by the board.
13. Operate a motor vehicle: (a) in a risky manner, (b) in excess of 20 miles per hour, or (c) in violation of an authorized district employee's directive.
14. Engage in any risky behavior, including roller-blading, roller-skating, or skateboarding.
15. Violate other district policies or regulations, or a directive from an authorized security officer or district employee.
16. Engage in any conduct that interferes with, disrupts, or adversely affects the district or a school function.

Equal Opportunity and Sex Equity

Equal educational and extracurricular opportunities are available to all students without regard to race, color, nationality, sex, sexual orientation, gender identity, ancestry, age, religion, physical or mental disability, status as homeless, immigration status, order of protection status, or actual or potential marital or parental status, including pregnancy.

No student shall, based on sex, sexual orientation, or gender identity be denied equal access to programs, activities, services, or benefits or be limited in the exercise of any right, privilege, advantage, or denied equal access to educational and extracurricular programs and activities.
Any student or parent/guardian with a sex equity or equal opportunity concern should contact Joanna Ford (jford@dps109.org).

**Animals on School Property**
In order to assure student health and safety, animals are not allowed on school property, except in the case of a service animal accompanying a student or other individual with a documented disability. This rule may be temporarily waived by the building principal in the case of an educational opportunity for students, provided that:

1. The animal is appropriately housed, humanely cared for, and properly handled and
2. Students will not be exposed to a dangerous animal or an unhealthy environment.

**School Volunteers**
Some teachers utilize parent volunteers in the classroom. The individual teachers make this decision. Teachers who desire parent volunteers will notify parents. For school-wide volunteer opportunities, please contact the building principal.

The School District does not provide insurance coverage to non-District personnel serving as volunteers for the School District.

Volunteers are required to check in and out at the main office and receive a visitor badge before going to their destination.

**Invitations & Gifts**
At the elementary level, party invitations or gifts for classmates should not be brought to school to be distributed unless they are distributed to all students in the class. Items such as these are of a personal nature and should be mailed home using the list in the school directory. The office is unable to release addresses and phone numbers of students who are not listed in the school directory.

**Emergency School Closings**
In the event of a weather-related or emergency closing or schedule change, the District sends an email, phone call, and text message to staff and families. All families must make sure their contact information is up to date in Family Access, or through the Deerfield 109 app. The District will also send an app notification, and post the announcement on the District home page (dps109.org), and District social media accounts.

The Superintendent will make every effort by 5:30 a.m. to make the decision to open on time, open with a delayed start or close schools; however, there may be times when the decision must be made later.

If bad weather or other emergency occurs during the day, please look for an email, text message or phone call and check the District home page (www.dps109.org) for possible early dismissal information. For your child’s safety, make certain your child knows ahead of time where to go in case of an early dismissal. If we dismiss early for an emergency, all after-school functions are automatically canceled.

In the case of a delayed start, all bus pick-up and arrival times will be two hours late. In a delayed start plan, there will be no morning preschool; afternoon preschool classes will run as normal.
When schools remain open during inclement weather, the **final decision to keep a child home is the responsibility of each child’s parents.** If you keep your child home, report the absence due to weather; the absence will be excused.

**Video & Audio Monitoring Systems**
A video and/or audio monitoring system may be in use on school buses and a video monitoring system may be used in public areas of the school building. These systems have been put in place to protect students, staff, visitors and school property. If a discipline problem is captured on audiotape or videotape, these recordings may be used as the basis for imposing student discipline. If criminal actions are recorded, a copy of the tape may be provided to law enforcement personnel.

**Accommodating Individuals with Disabilities**
Individuals with disabilities will be provided an opportunity to participate in all school-sponsored services, programs, or activities. Individuals with disabilities should notify the superintendent or building principal if they have a disability that will require special assistance or services and, if so, what services are required. This notification should occur as far in advance as possible of the school-sponsored function, program, or meeting.

**Students with Food Allergies**
State law requires our District to annually inform parents/guardians of students with life-threatening allergies or life-threatening chronic illnesses of the applicable provisions of Section 504 of the Rehabilitation Act of 1973 ([dps109.news/act1973](dps109.news/act1973)) and other applicable federal statutes, state statutes, federal regulations, and state rules.

If your student has a life-threatening allergy or life-threatening chronic illness, please notify the building principal or assistant/associate principal.

Federal law protects students from discrimination due to a disability that substantially limits a major life activity. If your student has a qualifying disability, an individualized Section 504 Plan will be developed and implemented to provide the needed support so that your student can access his or her education as effectively as students without disabilities.

Not all students with life-threatening allergies and life-threatening chronic illnesses may be eligible under Section 504. Our District also may be able to appropriately meet a student’s needs through other means.

Please see the Food Allergy Management Plan ([dps109.news/FoodAllergy](dps109.news/FoodAllergy)) for how the District appropriately meets the needs of students with allergies.

**Treats & Snacks**
Refer to the Food Allergy Management Plan snack policy for details about food in classrooms ([dps109.news/FoodAllergy](dps109.news/FoodAllergy)).
Attendance, Promotion & Graduation

Enrollment
Parents/guardians who enroll a student within the District must provide either (1) a certified copy of the student's valid birth certificate or (2) other reliable proof (i.e., passport, visa or other government document) of the child's identity and age and an affidavit explaining the inability to produce a copy of the birth certificate within 30 days of the student's enrollment. The District will provide assistance to homeless students who have difficulty producing a certified copy. If a certified copy is not received within 30 days, state law requires the District to report this to the Illinois State Police.

Residency
Only students who are residents of the District may attend a District school except as otherwise provided in State law. A student's residence is the same as the person who has legal custody of the student. A person asserting legal custody over a student, who is not the child's natural or adoptive parent, shall complete a signed statement, stating:

1. That he or she has assumed and exercises the legal responsibility of the child,
2. The reason the child lives with him or her, other than to receive an education in the District, and
3. That he or she exercises full control over the child regarding daily educational and medical decisions in case of emergency.

If the District knows the current address of the child’s natural or adoptive parent, the District shall request in writing that the person complete a signed statement or Power of Attorney stating:

1. the role and responsibility or the person with whom their child is living, and
2. that the person with whom the child is living has full control over the child regarding daily educational and medical decisions in case of emergency.

A student whose family moves out of the District during the school year will be permitted to attend school for the remainder of the year without payment of tuition.

When a student’s change of residence is due to the military service obligation of the student’s legal custodian, the student's residence is deemed to be unchanged for the duration of the custodian's military service obligation if the student's custodian makes a written request. The District, however, is not responsible for the student’s transportation to or from school.

If, at the time of enrollment, a dependent child of military personnel is housed in temporary housing located outside of the District, but will be living within the District within 60 days after the time of initial enrollment, the child is allowed to enroll, subject to the requirements of State law, and must not be charged tuition.

Attendance
Illinois law requires that whoever has custody or control of any child between six (by September 1st) and seventeen years of age shall assure that the child attends school in the District in which he or she resides, during the entire time school is in session (unless the child has already graduated from high school). Illinois law also requires that whoever has custody or control of a child who is enrolled...
in the school, regardless of the child’s age, shall assure that the child attends school during the entire time school is in session.

**Student Absences**
There are two types of absences: *excused* and *unexcused*. Excused absences include: illness, observance of a religious holiday or event, death in the immediate family, family emergency, situations beyond the control of the student, circumstances that cause reasonable concern to the parent/guardian for the student’s mental, emotional, or physical health or safety, attending a military honors funeral to sound TAPS (applies to grades 6-8 only), absence due to inclement weather where school is not closed, or other reasons as approved by the building principal.

Additionally, a student will be excused for up to 5 days in cases where the student's parent/guardian is an active-duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. The Board of Education, in its discretion, may excuse a student for additional days relative to such leave or deployment. A student and the student's parent/guardian are responsible for obtaining assignments from the student's teachers prior to any excused absences and for ensuring that such assignments are completed by the student prior to his or her return to school.

All other absences are considered unexcused. Pre-arranged excused absences must be approved by the building principal.

The school may require documentation explaining the reason for the student's absence.

In the event of any absence, the student's parent/guardian is required to report it to the school before 8:00 a.m. (at middle schools) and 8:40 a.m. (at elementary schools) to explain the reason for the absence. If the absence has not been reported to the school within two hours of the start of the school day on the date of a student’s absence, a school official will call the parent, guardian and/or emergency contact to inquire why the student is not at school. Parents/guardians must provide at least one telephone number at which they may be reached by the school regarding student absences.

If the parent/guardian cannot be contacted, the student will be required to submit a signed note from the parent/guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence. Upon request of the parent/guardian, the reason for absence will be kept confidential.

**Release Time for Religious Instruction and Observance**
A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student’s parent/guardian must give written notice to the building principal at least 5 calendar days before the student’s anticipated absence(s).

Students excused for religious reasons will be given an opportunity to make up all missed work, including homework and tests, for equivalent academic credit.
Make-Up Work
If a student’s absence is excused or if a student is suspended from school, he/she will be permitted to make up all missed work, including homework and tests, for equivalent academic credit. Students who are unexcused from school will not be allowed to make up missed work.

Truancy
Student attendance is critical to the learning process. Truancy is, therefore, a serious issue and will be dealt with in a serious manner by the school and District. Students who miss more than 1% but less than 5% of the prior 179 regular school days without valid cause (a recognized excuse) are truant. Students who miss 5% or more of the prior 179 regular school days without valid cause are chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue.

If chronic truancy persists after support services and other resources are made available, the school and District will take further action, including:

- Referral to the truancy officer
- Reporting to officials under the Juvenile Court Act
- Referral to the State’s Attorney
- Appropriate school discipline
- A student who misses 15 consecutive days of school without valid cause and who cannot be located or, after exhausting all available support services, cannot be compelled to return to school is subject to expulsion from school.

A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law.

Grading & Promotion
School report cards are issued to students on the following basis:

- Students in grades K-5 receive trimester progress reports
- Students in grades 6-8 receive quarterly progress reports

Progress reports are posted online through Family Access. For questions regarding grades, please contact the classroom teacher. The decision to promote a student to the next grade level is based on successful completion of the curriculum, attendance, performance on standardized assessments and other assessments. A student will not be promoted based upon age or any other social reasons not related to academic performance.

Homework
Homework is used as a way for students to practice what they have learned in the classroom. The time requirements and the frequency of homework will vary depending on a student’s teacher, ability and grade level.

Exemption From PE Requirement
In order to be excused from participation in physical education, a student must present an appropriate excuse from his or her parent/guardian or from a person licensed under the Medical Practice Act (dps109.news/MedPracticeAct). The excuse may be based on medical or religious
prohibitions. An excuse because of medical reasons must include a signed statement from a person licensed under the Medical Practice Act that corroborates the medical reason for the request. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request.

A student in grades 7-8 may submit a written request to the building principal requesting to be excused from physical education courses because of the student’s ongoing participation in an interscholastic or extracurricular athletic program. The building principal will evaluate requests on a case-by-case basis.

Students with an Individualized Education Program may also be excused from physical education courses for reasons stated in Special Education Exemption From Physical Education Requirement on pages 48-49.

Special activities in physical education will be provided for a student whose physical or emotional condition, as determined by a person licensed under the Medical Practices Act, prevents his or her participation in the physical education course.

State law prohibits the School District from honoring parental or guardian excuses based upon a student’s participation in athletic training, activities, or competitions conducted outside the auspices of the School District.

Students who have been excused from physical education shall return to the course as soon as practical. The following considerations will be used to determine when a student shall return to a physical education course:

- The time of year when the student’s participation ceases; and
- The student’s class schedule.

**Credit for Non-District Experiences & Accelerated Placement**

*Credit for Non-District Experiences:* The District does not grant high school credit for learning experiences that an enrolled student does not complete through the District.

Accelerated Placement: The District provides an Accelerated Placement Program (APP). The APP advances the District’s goal of providing educational programs with opportunities for each student to develop to his or her maximum potential. The APP provides an educational setting with curriculum options usually reserved for students who are older or in higher grades than the student participating in the APP. APP options include, but may not be limited to (a) accelerating a student in a single subject; (b) other grade-level acceleration; and (c) early entrance to kindergarten or first grade. Participation in the APP is open to all students who demonstrate high ability and who may benefit from accelerated placement. It is not limited to students who have been identified as gifted and talented. Eligibility to participate in the District’s APP shall not be conditioned upon the protected classifications identified in School Board Policy 7:10, Equal Educational Opportunities (dps109.news/BoardPolicy), or any factor other than the student’s identification as an accelerated learner.

The Superintendent or designee shall implement an APP that includes:
1. Decision-making processes that are fair, equitable, and involve multiple individuals, e.g., District administrators, teachers, and school support personnel, and a student's parent(s)/guardian(s);

2. Notification processes that notify a student's parent(s)/guardian(s) of a decision affecting a student's participation in the APP; and

3. Assessment processes that include multiple valid, reliable indicators.

Please contact Danielle Arnold (darnold@dps109.org) for additional information.

**Home & Hospital Instruction**

A student who is absent from school, or whose physician, physician assistant or licensed advanced practice registered nurse anticipates his or her absence from school, because of a medical condition may be eligible for instruction in the student’s home or hospital.

Appropriate educational services from qualified staff will begin no later than five school days after receiving a written statement from a physician, physician assistant, or licensed advanced practice registered nurse. Instructional or related services for a student receiving special education services will be determined by the student’s individualized education program.

A student who is unable to attend school because of pregnancy will be provided home instruction, correspondence courses, or other courses of instruction before

1. the birth of the child when the student's physician, physician assistant, or licensed advanced practice nurse indicates, in writing, that she is medically unable to attend regular classroom instruction,

   and

2. for up to 3 months after the child’s birth or a miscarriage.

For information on home or hospital instruction, contact the building principal or assistant/associate principal.
Student Fees & School Lunch Program

Fines, Fees, and Charges; Waiver of Student Fees
The school establishes fees and charges to fund certain school activities. Some students may be unable to pay these fees. Students will not be denied educational services or academic credit due to the inability of their parent or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver does not exempt a student from charges for lost and damaged books, locks, materials, supplies, and/or equipment.

Applications for fee waivers may be submitted by a parent or guardian of a student who has been assessed a fee. A student is eligible for a fee waiver if at least one of the following prerequisites is met:

1. The student currently lives in a household that meets the free lunch or breakfast eligibility guidelines established by the federal government pursuant to the National School Lunch Act (dps109.news/SchoolLunch); or
2. The student or the student’s family is currently receiving aid under Article IV of the Illinois Public Aid Code (Aid to Families of Dependent Children) (dps109.news/PublicAid).

An additional consideration for fee waivers will be given where one or more of the following factors are present:

- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Unemployment;
- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage.

Within 30 days, the District will notify the parent/guardian if the fee waiver has been approved or denied, along with the appropriate appeal process. If you have questions regarding the fee waiver process, you may contact Kelly Mitchell (kmitchell@dps109.org).

Please see the Fee Information page for the District’s application for fee waiver (dps109.news/Fees).

Pursuant to the Hunger-Free Students Bill of Rights Act (dps109.news/HungerFree), the school is required to provide a federally reimbursable meal or snack to a student who requests one, regardless of whether the student has the ability to pay for the meal or snack or owes money for earlier meals or snacks. Students may not be provided with an alternative meal or snack and the school is prohibited from publicly identifying or stigmatizing a student who cannot pay for or owes money for a meal or snack.

School Lunch Program
The District does not have a lunch program. PTOs at each school offer the opportunity for parents/guardians to purchase lunches brought in by outside vendors, and PTO volunteers serve the lunches. See your school’s PTO web page for details.

When school is in session and following a typical schedule, lunch times at the elementary schools are:

Milk is available for purchase through Family Access. If you have been approved for a fee waiver, your child can receive milk free of charge.
Transportation & Parking

Bus Transportation
The District provides bus transportation to and from school for all students living 1.5 miles or more from the school. A list of bus stops (dps109.org/Page/164) will be published to the District website at the beginning of the school year. Parents/guardians must, at the beginning of the school year, select one bus stop at which a student is to be picked up, and one stop at which a student is to be dropped off. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the building principal.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building principal.

Students are expected to follow all school rules while on the bus. Students may be suspended from riding the school bus for up to 10 consecutive school days for violating school rules or for engaging in other gross disobedience or misconduct. The school board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The District's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

A student who is suspended from riding the school bus and who does not have alternative transportation to school shall be allowed the opportunity to make up all missed work for equivalent academic credit. It is the responsibility of the student’s parent or guardian to notify the school that the student does not have alternative transportation to school.

In the interest of the student’s safety and in compliance with State law, students are also expected to observe the following:

1. Dress properly for the weather. Make sure all drawstrings, ties, straps, etc. on all clothing, backpacks and other items, are shortened or removed to lessen the likelihood of them getting caught in bus doors, railings or aisles.
2. Arrive on time at the bus stop, and stay away from the street while waiting for the bus.
3. Stay away from the bus until it stops completely and the driver signals you to board. Enter in a single file line without pushing. Always use the handrail.
4. Take a seat right away and remain seated facing forward. Keep your hands, arms, and head inside the bus.
5. All District 109 buses are equipped with seat belts and we expect each student to use them.
6. Talk quietly on the bus. No shouting or creating loud noises that may distract the driver. Tablets, iPods®, iPads®, smartphones, and other electronic devices must be silenced on the bus unless a student uses headphones.
7. Help keep the bus neat and clean. Keep belongings out of the aisle and away from emergency exits. Eating and drinking are not allowed on the bus.
8. Always listen to the driver’s instructions. Be courteous to the driver and other students. Sit with your hands to yourself and avoid making noises that would distract the driver or bother other passengers. Remain seated, keeping your hands, arms, and head inside the bus at all times.
9. Wait until the bus pulls to a complete stop before standing up. Use the handrail when exiting the bus.
10. Stay out of the danger zone next to the bus where the driver may have difficulty seeing you. Take five giant steps away from the bus and out of the danger zone, until you can see the driver and the driver sees you. Never crawl under a bus.
11. If you must cross the street after you get off the bus, wait for the driver's signal and then cross in front of the bus. Cross the street only after checking both ways for traffic.
12. Never run back to the bus, even if you dropped or forgot something.

Electronic visual and audio recordings may be used on school buses to monitor conduct and to promote and maintain a safe environment for students and employees when transportation is provided for any school-related activity. Notice of electronic recordings shall be displayed on the exterior of the vehicle's entrance door and front interior bulkhead in compliance with State law and the rules of the Illinois Department of Transportation, Division of Traffic Safety.

Students are prohibited from tampering with electronic recording devices. Students who violate this policy shall be disciplined in accordance with the Board's discipline policy and shall reimburse the School District for any necessary repairs or replacement.

For questions regarding school transportation issues, contact transportation@dps109.org.

**Parking**
Each school has designated locations available for school visitor parking. Building principals will communicate school parking procedures with families.

Vehicles MAY NOT be parked or located in the bus lanes or fire lanes at ANY TIME. Bus lanes and fire lanes are clearly marked. Vehicles located in these locations may be ticketed and/ or towed by the police.

**Health & Safety**

**Immunization, Health, Eye & Dental Examination**

_Required Health Examinations and Immunizations:_ All students are required to present appropriate proof of a health examination (Student Services / Health Information and Forms) and immunizations against, and screenings for, preventable communicable diseases within one year prior to:

1. Entering kindergarten or first grade;
2. Entering the sixth and ninth grades; and
3. Enrolling in an Illinois school for the first time, regardless of the student’s grade.

Proof of immunization against meningococcal disease is required for students in grades 6 and 12. A diabetes screening must be included as part of the health exam (though diabetes testing is not
required). Students between the ages of one and seven must provide a statement from a physician assuring that the student was "risk-assessed" or screened for lead poisoning. Beginning with the 2017-2018 school year, an age-appropriate developmental screening and an age-appropriate social and emotional screening are required parts of each health examination.

Failure to comply with the above requirements by October 15th of the current school year will result in the student’s exclusion from school until the required health forms are presented to the school, subject to certain exceptions. A student will not be excluded from school due to his or her parent/guardian’s failure to obtain a developmental screening or a social and emotional screening.

New students who register mid-term have 30 days following registration to comply with the health examination and immunization requirements. If a medical reason prevents a student from receiving a required immunization by October 15, the student must present, by October 15, an immunization schedule and a statement of the medical reasons causing the delay. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

**Eye Examination:** All students entering kindergarten or the school for the first time must present proof by October 15 of the current school year of an eye examination performed within one year. Failure to present proof by October 15, allows the school to hold the student’s report card until the student presents:

1. proof of a completed eye examination ([dps109.news/EyeExamProof](#)), or
2. that an eye examination will take place within 60 days after October 15.

**Dental Examination:** All students entering kindergarten, second, sixth, and ninth grades must present proof by May 15 of the current school year of having been examined by a licensed dentist within the last 18 months. Failure to present proof allows the school to hold the child’s report card until the student presents:

1. proof of a completed dental examination ([dps109.news/DentalExamProof](#)), or
2. that a dental examination will take place within 60 days after May 15.

**Exemptions:** A student will be exempted from the above requirements for:

1. Medical grounds if the student’s parent/guardian presents to the building principal a signed statement explaining the objection;
2. Religious grounds if the student’s parent/guardian presents to the building principal a completed Certificate of Religious Exemption ([dps109.news/ReligiousExempt](#));
3. Health examination or immunization requirements on medical grounds if a physician provides written verification;
4. Eye examination ([dps109.news/EyeExempt](#)) requirement if the student’s parent/guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or
5. Dental examination ([dps109.news/DentalExempt](#)) requirement if the student’s parent/guardian shows an undue burden or a lack of access to a dentist.
**Student Medication**

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a “Permission to Administer Medication (Prescription & Non-Prescription)” ([dps109.news/PermissionToAdminister](dps109.news/PermissionToAdminister)) which must be signed by a licensed healthcare professional.

No District employee is allowed to administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student's parent/guardian. No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this procedure.

**Self-Administration of Medication:** A student may possess an epinephrine injector (EpiPen®) and/or an asthma inhaler prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed a “Permission to Administer Medication (Prescription & Non-Prescription)” ([dps109.news/PermissionToAdminister](dps109.news/PermissionToAdminister)). The school and District shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication or epinephrine injector or the storage of any medication by school personnel. A student's parent/guardian must agree to indemnify and hold harmless the District and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine injector and/or asthma inhaler, or the storage of any medication by school personnel.

Students who are diabetic may also self-carry and self-administer diabetic testing supplies and insulin. Students who are diabetic must also have a Diabetes Care Plan ([dps109.news/DMMP](dps109.news/DMMP)) on file with the school.

**Administration of Medical Cannabis:** In accordance with the Compassionate Use of Medical Cannabis Program, qualifying students are allowed to utilize medical cannabis infused products while at school and school events. Please contact the building principal for additional information. Discipline of a student for being administered a product by a designated caregiver pursuant to this procedure is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

**Undesignated Medications:** The school may maintain the following undesignated prescription medications for emergency use: (1) Asthma medication; (2) Epinephrine injectors; (3) Opioid antagonists; and (4) Glucagon. No one, including without limitation, parents/guardians of students, should rely on the school or district for the availability of undesignated medication. This procedure does not guarantee the availability of undesignated medications. Students and their parents/guardians should consult their own physician regarding these medication(s).

**Emergency Aid to Students:** Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.
Care of Students with Diabetes
If your child has diabetes and requires assistance with managing this condition while at school and school functions, a Diabetes Medical Management Plan (dps109.news/DMMP) must be submitted to the building nurse. Parents/guardians are responsible for and must:

1. Inform the school in a timely manner of any change which needs to be made to the Diabetes Medical Management Plan on file with the school for their child.
2. Inform the school in a timely manner of any changes to their emergency contact numbers or contact numbers of health care providers.
4. Grant consent for and authorize designated School District representatives to communicate directly with the health care provider whose instructions are included in the Diabetes Medical Management Plan.

For further information, please contact the building principal or assistant/associate principal.

Deaf, Hard of Hearing, Blind or Visually Impaired Students
All students that are deaf, hard of hearing, blind, or visually impaired may be eligible to receive services from the Illinois School for the Deaf or the Illinois School for the Visually Impaired. The Illinois School for the Deaf provides services such as medical, audiological, vision, and speech services. The Illinois School for the Visually Impaired provides services in all academic areas, orientation and mobility, compensatory skills such as Braille, and career education. More information regarding school services, admission criteria, and school contact information may be found at http://www.illinoisdeaf.org/ and http://www.isvi.net/.

CPR and AED Training
Many School District employees are trained in CPR and AED use. The Illinois High School Association's website contains a video on the administration of cardiopulmonary resuscitation (CPR) and automated external defibrillators (AED). All students and parents/guardians are encouraged to review the video at http://www.ihsa.org/Resources/SportsMedicine/CPRTraining.aspx.

Guidance & Counseling
The school provides a guidance and counseling program for students. The school's counselors, social workers, and school psychologists are available to those students who require additional assistance.

Suicide and Depression Awareness and Prevention
Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important goals of the District.

The District maintains student and parent/guardian resources on suicide and depression awareness and prevention. Much of this information, including a copy of the District's policy (dps109.news/BoardPolicy), is posted on the District website (dps109.org).
Safety Drill Procedures
Safety drills will occur at times established by the school board. Students are required to be silent and shall comply with the directives of school officials during emergency drills. During every academic year, each school building that houses school children shall conduct, at a minimum, each of the following in accordance with the School Safety Drill Act, (105 ILCS 128/)
(dps109.news/SafetyDrillAct):

1. Three school evacuation drills to address and prepare students and school personnel for fire incidents. One of these three drills shall require the participation of the local fire department or district.
2. One bus evacuation drill,
3. One severe weather and shelter-in-place drill to address and prepare students and school personnel for possible tornado incidents.
4. One law enforcement drill to address an active shooting incident and to evaluate the preparedness of school personnel and students. This drill shall occur no later than 90 days after the first day of school of each year and shall require the participation of all school personnel and students present at school at the time of the drill, except for those exempted by administrators or school support personnel.

The law enforcement drill must be conducted according to the District’s comprehensive safety and crisis plan with the participation of the appropriate law enforcement agency. This drill may be conducted on days and times that students are not present in the building. There may be other drills at the direction of the administration. Drills will not be preceded by a warning to the students.

Student Safety
The District is committed to maintaining a safe school environment for all stakeholders. To that end, the superintendent, building principal, or other administrator shall immediately notify the police in the event that a staff member observes:

1. anyone in possession of a firearm on school grounds;
2. any verified drug-related incident on school grounds or in school transportation; and
3. any incidents of battery committed against staff.

In addition, if an administrator determines that a person is a clear and present danger to himself, herself, or others, the administrator shall notify the State Police within 24 hours.

Communicable Disease
The school will observe recommendations of the Illinois Department of Public Health regarding communicable diseases.

1. Parents/guardians are required to notify the building nurse if they suspect their child has a communicable disease.
2. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent or guardian.
3. The school will provide written instructions to the parent and guardian regarding appropriate treatment for the communicable disease.
4. A student excluded because of communicable disease will be permitted to return to school only when the parent or guardian brings to the school a letter from the student’s doctor stating that the student is no longer contagious or at risk of spreading the communicable disease.

Head Lice
District 109 follows the guidelines of the Centers for Disease Control and Prevention (dps109.news/Lice) regarding head lice.

1. Students are not excluded from school for lice or lice nits.
2. If a student at school is found to have lice, the parent/guardian is notified so that treatment may begin upon return to home.
3. If several cases of lice are found in a particular classroom, parents/guardians will receive a health alert so they can be extra diligent in monitoring their children.
4. Building nurses do not perform lice checks on groups of children (e.g., classrooms, grade levels).
5. Lice checks are performed on an individual basis only for children presenting with symptoms of potential lice infestation.

Child Sexual Abuse Prevention
In accordance with Erin’s Law, signed by Illinois Governor Pat Quinn on January 24, 2013, District 109 implements a prevention-oriented child sexual abuse program to teach students age-appropriate techniques for recognizing and reporting sexual abuse. In addition, the District provides information and resources for parents/guardians and staff on child sexual abuse prevention on the SEL in 109 website page’s tab under Erin’s Law (https://www.dps109.org/Page/6293).

17. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to:
   a. be a threat or an attempted intimidation of a staff member; or
   b. endanger the health or safety of students, staff, or school property.
18. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.
19. Operating an unmanned aircraft system (UAS) or drone for any purpose on school grounds or at any school event unless granted permission by the Superintendent or designee.

For purposes of this policy, the term “possession” includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is:
   a. on the student’s person;
   b. contained in another item belonging to, or under the control of, the student, such as in the student’s clothing, backpack, or automobile;
   c. in a school’s student locker, desk, or other school property; or
   d. at any location on school property or at a school-sponsored event.
   Or
   e. in the case of drugs and alcohol, substances ingested by the person.
Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student. Nothing in this Section shall prohibit the discipline of students for violations of school policies or rules.

When and Where Conduct Rules Apply
The grounds for disciplinary action also apply whenever the student's conduct is reasonably related to school or school activities, including but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event;
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to:
   a. be a threat or an attempted intimidation of a staff member; or
   b. endanger the health or safety of students, staff, or school property;
5. During periods of remote learning.

Disciplinary Measures
School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following:

1. Notifying parent(s)/guardian(s)
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen, or damaged property.
6. In-school. The Building Principal or designee shall ensure that the student is properly supervised.
7. After-school study or Saturday study provided the student's parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher or the Building Principal or designee.
8. Community service
9. Seizure of contraband; confiscation and temporary retention of the personal property that was used to violate school rules.
11. Out-of-school suspension from school and all school activities in accordance with Board policy 7:200, Suspension Procedures (dps109.news/BoardPolicy) at school activities.
12. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years in accordance with Board policy 7:210, Expulsion Procedures (dps109.news/BoardPolicy). A student who has been expelled may also be restricted from being on school grounds and at school activities.
13. Transfer to an alternative program if the student is expelled or otherwise qualifies for the transfer under State law. The transfer shall be in the manner provided in Article 13A or 13B of the School Code (dps109.news/105ILCS5).
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, including but not limited to, illegal drugs (controlled substances), “look-alikes,” alcohol, or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

**Time Out and Physical Restraint**
Time out and physical restraint shall only be used if the student's behavior presents an imminent danger of serious physical harm to the student or others and other less restrictive and intrusive measures were tried and proven ineffective in stopping it. The school may not use time out, and physical restraint as discipline or punishment, convenience for staff, retaliation, a substitute for appropriate educational or behavioral support, a routine safety matter, or to prevent property damage in the absence of imminent danger of serious physical harm to the student or others. These methods are only authorized for use as permitted in 105 ILCS 5/10-20.33, State Board of Education rules (23 Ill.Admin.Code §§ 1.280, 1.285), the District's procedure(s) and in accordance with Board policy 7:190.

**Corporal Punishment**
Corporal punishment is prohibited. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

**Weapons Prohibition**
A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year but not more than two calendar years:

2. A knife, brass knuckles, or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including “look-alikes” of any firearm as defined above.

The expulsion requirement may be modified by the superintendent, and the superintendent’s determination may be modified by the board on a case-by-case basis

Gang & Gang Activity Prohibited
“Gang” is defined as any group, club or organization of two or more persons whose purposes include the commission of illegal acts. No student on or about school property or at any school activity or whenever the student’s conduct is reasonably related to a school activity, shall:

1. wear, possess, use, distribute, display, or sell any clothing, jewelry, paraphernalia or other items which reasonably could be regarded as gang symbols; commit any act or omission, or use either verbal or non-verbal gestures, or handshakes showing membership or affiliation in a gang; or
2. use any speech or commit any act or omission in furtherance of the interest of any gang or gang activity, including, but not limited to, soliciting others for membership in any gangs;
3. request any person to pay protection or otherwise intimidate, harass or threaten any person;
4. commit any other illegal act or other violation of District policies,
5. or incite other students to act with physical violence upon any other person.

Suspension Procedures
In-School Suspension: The Superintendent or designee is authorized to maintain an in-school suspension program. The program shall include, at a minimum, each of the following:

1. Before assigning a student to in-school suspension, the charges will be explained and the student will be given an opportunity to respond to the charges.
2. Students are supervised by licensed school personnel.
3. Students are given the opportunity to complete classroom work during the in-school suspension for equivalent academic credit.

Out-of-School Suspension: The Superintendent or designee shall implement suspension procedures that provide, at a minimum, for each of the following:

1. A conference during which the charges will be explained and the student will be given an opportunity to respond to the charges before he or she may be suspended.
2. A pre-suspension conference is not required, and the student can be immediately suspended when the student's presence poses a continuing danger to persons or property or an ongoing threat of disruption to the educational process. In such cases, the notice and conference shall follow as soon as practicable.
3. An attempted phone call to the student’s parent(s)/guardian(s).
4. A written notice of the suspension to the parent(s)/guardian(s) and the student, which shall:
   a. Provide notice to the parent(s)/guardian(s) of their child’s right to a review of the suspension;
   b. Include information about an opportunity to make up work missed during the suspension for equivalent academic credit;
   c. Detail the specific act of gross disobedience or misconduct resulting in the decision to suspend;
   d. Provide rationale or an explanation of how the chosen number of suspension days will address the threat or disruption posed by the student or his or her act of gross disobedience or misconduct; and
   e. Depending upon the length of the out-of-school suspension, include the following applicable information:
      i. For a suspension of 3 school days or less, an explanation that the student’s continuing presence in school would either pose:
         a) A threat to school safety, or
         b) Disruption to other students’ learning opportunities.
      ii. For a suspension of 4 or more school days, an explanation:
         a) That other appropriate and available behavioral and disciplinary interventions have been exhausted,
         b) As to whether school officials attempted other interventions or determined that no other interventions were available for the student, and
         c) That the student’s continuing presence in school would either:
            i) Pose a threat to the safety of other students, staff, or members of the school community, or ii) Substantially disrupt, impede, or interfere with the operation of the school.
      iii. For a suspension of 5 or more school days, the information listed in section e.ii., above, along with documentation by the Superintendent or designee determining what, if any, appropriate and available support services will be provided to the student during the length of his or her suspension.

5. A summary of the notice, including the reason for the suspension and the suspension length, must be given to the Board by the Superintendent or designee.

6. Upon request of the parent(s)/guardian(s), a review of the suspension shall be conducted by the Board or a hearing officer appointed by the Board. At the review, the student’s parent(s)/guardian(s) may appear and discuss the suspension with the Board or its hearing officer and may be represented by counsel. Whenever there is evidence that mental illness may be the cause for the suspension, the Superintendent or designee shall invite a representative from the Department of Human Services to consult with the Board. After the presentation of the evidence or receipt of the hearing officer’s report, the Board shall take such action as it finds appropriate. If the suspension is upheld, the Board’s written suspension decision shall specifically detail items (a) and (e) in number 4, above.
Expulsion Procedures
The Superintendent or designee has implemented expulsion procedures that provide, at a minimum, for the following:

1. Before a student may be expelled, the student and his or her parent(s)/guardian(s) will be provided a written request to appear at a hearing to determine whether the student should be expelled. The request will be sent by registered or certified mail, return receipt requested and regular mail. The request will include:
   a. The reasons for the proposed expulsion as well as the conduct rule the student is charged with violating.
   b. The time, date, and place for the hearing.
   c. A short description of what will happen during the hearing.
   d. A statement indicating that the School Code allows the School Board to expel a student for a definite period of time not to exceed 2 calendar years, as determined on a case-by-case basis.
   e. A request that the student or parent(s)/guardian(s) inform the District if the student will be represented by an attorney and if so, the attorney’s name.

2. Unless the student and parent(s)/guardian(s) indicate that they do not want a hearing or fail to appear at the designated time and place, the hearing will proceed. The hearing will be conducted by the School Board or a hearing officer appointed by it. If a hearing officer is appointed, he or she will report to the Board the evidence presented at the hearing and the Board will take such final action as it finds appropriate.

3. During the expulsion hearing, the Board or hearing officer will hear evidence concerning whether the student is guilty of the gross disobedience or misconduct as charged. The student and his or her parent(s)/guardian(s) may be represented by counsel, offer evidence, present witnesses, cross-examine witnesses who testified, and otherwise present reasons why the student should not be expelled. After the presentation of the evidence or receipt of the hearing officer’s report, the Board shall decide the issue of guilt and take such action as it finds appropriate.

4. If the Board acts to expel the student, its written expulsion decision shall:
   a. Detail the specific reason why removing the student from his or her learning environment is in the best interest of the school.
   b. Provide a rationale for the specific duration of the recommended expulsion.
   c. Document how school officials determined that all behavioral and disciplinary interventions have been exhausted by specifying which interventions were attempted or whether school officials determined that no other appropriate and available interventions existed for the student.
   d. Document how the student’s continuing presence in school would (1) pose a threat to the safety of other students, staff, or members of the school community, or (2) substantially disrupt, impede, or interfere with the operation of the school.

5. Upon expulsion, the District may refer the student to appropriate and available support services.
Re-Engagement of Returning Students
The building principal or designee shall meet with a student returning to school from an out-of-school suspension, expulsion or alternative school setting. The goal of this meeting shall be to support the student's ability to be successful in school following a period of exclusion and shall include an opportunity for students who have been suspended to complete or make-up missed work for equivalent academic credit.

Prevention of and Response to Bullying, Intimidation, and Harassment
Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important District and school goals.

Bullying on the basis of actual or perceived race, color, national origin, sex, sexual orientation, gender identity, gender-related identity or expression, ancestry, age, religion, physical or mental disability, order of protection status, status of being homeless, or actual or potential marital or parental status, including pregnancy, association with a person or group with one or more of the aforementioned actual or perceived characteristics, or any other distinguishing characteristic is prohibited in each of the following situations:

1. During any school-sponsored education program or activity;
2. While in school, on school property, on school buses or other school vehicles, at designated school bus stops waiting for the school bus, or at school-sponsored or school-sanctioned events or activities.
3. Through the transmission of information from a school computer, a school computer network, or other similar electronic school equipment.
4. Through the transmission of information from a computer that is accessed at a non-school-related location, activity, function, or program or from the use of technology or an electronic device that is not owned, leased, or used by the School District or school if the bullying causes a substantial disruption to the educational process or orderly operation of a school. This paragraph (item #4) applies only when a school administrator or teacher receives a report that bullying through this means has occurred; it does not require staff members to monitor any non-school-related activity, function, or program.

Definitions from Section 27-23.7 of the School Code (105 ILCS 5/27-23.7) (dps109.news/105ILCS5)

Bullying includes cyber-bullying and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or students' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or
4. Substantially interfering with the student's or students’ ability to participate in or benefit from the services, activities, or privileges provided by a school.
Cyber-bullying means bullying through the use of technology or any electronic communication, including without limitation any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic system, photo-electronic system, or photo-optical system, including without limitation electronic mail, Internet communications, instant messages, or facsimile communications. Cyber-bullying includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying. Cyber-bullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of bullying.

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

Students are encouraged to immediately report bullying. A report may be made orally or in writing to the building principal, nondiscrimination coordinator, district complaint manager or any staff member with whom the student is comfortable speaking. All school staff members are available for help with a bully or to make a report about bullying. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the district complaint manager or any staff member. Anonymous reports are also accepted by phone call or in writing.

Restorative measures means a continuum of school-based alternatives to exclusionary discipline, such as suspensions and expulsions, that:

i. are adapted to the particular needs of the school and community,

ii. contribute to maintaining school safety,

iii. protect the integrity of a positive and productive learning climate, iv.

iv. teach students the personal and interpersonal skills they will need to be successful in school and society,

v. serve to build and restore relationships among students, families, schools, and communities;

vi. reduce the likelihood of future disruption by balancing accountability with an understanding of students' behavioral health needs in order to keep students in school; and

vii. increase student accountability if the incident of bullying is based on religion, race, ethnicity, or any other category that is identified in the Illinois Human Rights Act.

School personnel means persons employed by, on contract with, or who volunteer in a school district, including without limitation school and school district administrators, teachers, school guidance counselors, school social workers, school counselors, school psychologists, school nurses, cafeteria workers, custodians, bus drivers, school resource officers, and security guards.
Bullying Prevention and Response Plan

The Superintendent or designee shall develop and maintain a bullying prevention and response plan that advances the District’s goal of providing all students with a safe learning environment free of bullying and harassment. This plan must be consistent with the requirements listed below; each numbered requirement, 1-12, corresponds with the same number in the list of required policy components in 105 ILCS 5/27-23.7 (b) 1-12 (dps109.news/105ILCS5).

1. The District uses the definition of bullying as provided in this policy.
2. Bullying is contrary to State law and the policy of this District. However, nothing in the District’s bullying prevention and response plan is intended to infringe upon any right to exercise free expression or the free exercise of religion or religiously based views protected under the First Amendment to the U.S. Constitution (dps109.news/Constitution) or under Section 3 of Article I of the Illinois Constitution (dps109.news/ILConstitution).
3. Students are encouraged to immediately report bullying. A report may be made orally or in writing to the Nondiscrimination Coordinator, Building Principal, Assistant Building Principal, Dean of Students, a Complaint Manager, or any staff member with whom the student is comfortable speaking. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the District officials or any staff member. The District named officials and all staff members are available for help with a bully or to make a report about bullying. Anonymous reports are also accepted.

4. Consistent with federal and State laws and rules governing student privacy rights, the Superintendent or designee shall promptly inform the parent(s)/guardian(s) of every student involved in an alleged incident of bullying and discuss, as appropriate, the availability of social work services, counseling, school psychological services, other interventions, and restorative measures.

5. The Superintendent or designee shall promptly investigate and address reports of bullying, by, among other things:

   a. Making all reasonable efforts to complete the investigation within 10 school days after the date the report of a bullying incident was received and taking into consideration additional relevant information received during the course of the investigation about the reported bullying incident.

   b. Involving appropriate school support personnel and other staff persons with knowledge, experience, and training on bullying prevention, as deemed appropriate, in the investigation process.

   c. Notifying the Building Principal or school administrator or designee of the reported incident of bullying as soon as possible after the report is received.

   d. Consistent with federal and State laws and rules governing student privacy rights, providing parents/guardians of the students who are parties to the investigation information about the investigation and an opportunity to meet with the Building Principal or school administrator or his or her designee to discuss the investigation, the findings of the investigation, and the actions taken to address the reported incident of bullying.

   The Superintendent or designee shall investigate whether a reported incident of bullying is within the permissible scope of the District’s jurisdiction and shall require that the District provide the victim with information regarding services that are available within the District and community, such as counseling, support services, and other programs.

6. The Superintendent or designee shall use interventions to address bullying, that may include, but are not limited to, school social work services, restorative measures, social-emotional skill building, counseling, school psychological services, and community-based services.

7. A reprisal or retaliation against any person who reports an act of bullying is prohibited. A student’s act of reprisal or retaliation will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

8. A student will not be punished for reporting bullying or supplying information, even if the District’s investigation concludes that no bullying occurred. However, knowingly making a false accusation or providing knowingly false information will be treated as bullying for purposes of determining any consequences or other appropriate remedial actions.

9. The District’s bullying prevention and response plan must be based on the engagement of a range of school stakeholders, including students and parents/guardians.

10. The Superintendent or designee shall post this policy on the District’s website, if any, and include it in the student handbook, and, where applicable, post it where other policies, rules, and standards of conduct are currently posted. The policy must be distributed annually to parents/guardians, students, and school personnel (including new employees when hired), and must also be provided periodically throughout the school year to students and faculty.
11. The Superintendent or designee shall assist the Board with its evaluation and assessment of this policy’s outcomes and effectiveness. This process shall include, without limitation:

   a. The frequency of victimization;
   b. Student, staff, and family observations of safety at a school;
   c. Identification of areas of a school where bullying occurs;
   d. The types of bullying utilized; and
   e. Bystander intervention or participation.

   The evaluation process may use relevant data and information that the District already collects for other purposes. The Superintendent or designee must post the information developed as a result of the policy evaluation on the District’s website, or if a website is not available, the information must be provided to school administrators, Board members, school personnel, parents/guardians, and students.

**Harassment Prohibited**

No person, including a school or school district employee or agent, or student, shall harass, intimidate, or bully a student on the basis of actual or perceived: race; color; national origin; military status; unfavorable discharge status from military service; sex; sexual orientation; gender identity1; gender-related identity or expression; ancestry; age; religion; physical or mental disability; order of protection status; status of being homeless; actual or potential marital or parental status, including pregnancy; association with a person or group with one or more of the aforementioned actual or perceived characteristics; or any other distinguishing characteristic. The District will not tolerate harassing, intimidating conduct, or bullying whether verbal, physical, sexual, or visual, that affects the tangible benefits of education, that unreasonably interferes with a student's educational performance, or that creates an intimidating, hostile, or offensive educational environment. Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

**Sexual Harassment Prohibited**

The school and district shall provide an educational environment free of verbal, physical, or other conduct or communications constituting harassment on the basis of sex as defined and otherwise prohibited by State and federal law.

**Teen Dating Violence Prohibited**

Engaging in teen dating violence that takes place at school, on school property, at school-sponsored activities, or in vehicles used for school-provided transportation is prohibited. For purposes of this policy, the term teen dating violence occurs whenever a student who is 13 to 19 years of age uses or threatens to use physical, mental, or emotional abuse to control an individual in the dating relationship; or uses or threatens to use sexual violence in the dating relationship.

**Making a Report or Complaint**

Students are encouraged to promptly report claims or incidences of bullying, intimidation, harassment, sexual harassment, or any other prohibited conduct to the Nondiscrimination Coordinator, Building Principal, Assistant Building Principal, Dean of Students, a Complaint
Manager, or any employee with whom the student is comfortable speaking. A student may choose to report to an employee of the student’s same gender.

Any person making a knowingly false accusation regarding prohibited conduct will likewise be subject to discipline.

**Field Trips**

Field trips are a privilege for students. Students must abide by all school policies during transportation and during field-trip activities, and shall treat all field trip locations as though they are school grounds. Failure to abide by school rules and/or location rules during a field trip may subject the student to discipline.

All students who wish to attend a field trip must receive written permission from a parent or guardian with authority to give permission. Students may be prohibited from attending field trips for any of the following reasons:

- Failure to receive appropriate permission from parent/guardian or teacher;
- Failure to complete appropriate coursework;
- Behavioral or safety concerns;
- Denial of permission from administration;
- Other reasons as determined by the school.
**Student Use of Electronic Devices**

The use of electronic devices and other technology at school is a privilege, not a right. Students are prohibited from using electronic devices, except as provided herein. An electronic device includes but is not limited to, the following: cellular telephone, video recording device, personal digital assistant (PDA), or other similar electronic devices.

Unless otherwise banned under this policy or by the Building Principal, all electronic devices must be kept out-of-sight during the regular school day unless:

1. the supervising teacher grants permission;
2. use of the device is provided in a student’s individualized education program (IEP);
3. it is used during the student’s lunch period, or
4. it is needed in an emergency that threatens the safety of students, staff, or other individuals.

Electronic devices may never be used in any manner that disrupts the educational environment, violates student conduct rules or violates the rights of others. This includes, but is not limited to, the following:

1. using the device to take photographs in locker rooms or bathrooms;
2. cheating; and
3. creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction or non-consensual dissemination of private sexual images (i.e., sexting). Sexting is the sending of sexually explicit texts or nude or partially nude images of minors by minors; these images in some instances have been classified as child pornography. Sexting may also include possessing or storing such sexually explicit electronic media on electronic devices, such as a cell phone, computer or electronic storage site on the internet. Consent or permission by the subject of the photographs or recipient of the message or media is not relevant.

The school and District are not responsible for the loss, theft or damage to any electronic device brought to school.

School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student’s account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.
Acceptable Use of the District’s Electronic Networks
All use of the District’s electronic networks shall be consistent with the District’s goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. These procedures do not attempt to state all required or prohibited behavior by users. However, some specific examples are provided. The failure of any user to follow these procedures will result in the loss of privileges, disciplinary action, and/or legal action.

Terms and Conditions
The term electronic networks includes all of the District’s technology resources, including, but not limited to:

1. The District’s local-area and wide-area networks, including wireless networks (Wi-Fi), District-provided Wi-Fi hotspots, and any District servers or other networking infrastructure;
2. Access to the Internet or other online resources via the District’s networking infrastructure or to any District-issued online account from any computer or device, regardless of location;
3. District-owned and District-issued computers, laptops, tablets, phones, or similar devices.

Acceptable Use – Access to the District’s electronic networks must be: (a) for the purpose of education or research, and be consistent with the District’s educational objectives, or (b) for legitimate business use.

Privileges – Use of the District’s electronic networks is a privilege, not a right, and inappropriate use may result in a cancellation of those privileges, disciplinary action, and/or appropriate legal action. The system administrator or Building Principal will make all decisions regarding whether or not a user has violated these procedures and may deny, revoke, or suspend access at any time. His or her decision is final.

Unacceptable Use – The user is responsible for his or her actions and activities involving the electronic networks. Some examples of unacceptable uses are:

1. Using the electronic networks for any illegal activity, including violation of copyright or other intellectual property rights or contracts, or transmitting any material in violation of any State or federal law;
2. Using the electronic networks to engage in conduct prohibited by board policy;
3. Unauthorized downloading of software or other files, regardless of whether it is copyrighted or scanned for malware;
4. Unauthorized use of personal removable media devices (such as flash or thumb drives);
5. Downloading of copyrighted material for other than personal use;
6. Using the electronic networks for private financial or commercial gain;
7. Wastefully using resources, such as file space;
8. Hacking or attempting to hack or gain unauthorized access to files, accounts, resources, or entities by any means;
9. Invading the privacy of individuals, including the unauthorized disclosure, dissemination, and use of information about anyone that is of a personal nature, such as a photograph or video;
10. Using another user’s account or password;
11. Disclosing any network or account password (including your own) to any other person, unless requested by the system administrator;
12. Posting or sending material authored or created by another without his/her consent;
13. Posting or sending anonymous messages;
14. Creating or forwarding chain letters, spam, or other unsolicited messages;
15. Using the electronic networks for commercial or private advertising;
16. Accessing, sending, posting, publishing, or displaying any abusive, obscene, profane, sexual, threatening, harassing, illegal, or knowingly false material;
17. Misrepresenting the user’s identity or the identity of others; and
18. Using the electronic networks while access privileges are suspended or revoked.

Network Etiquette – The user is expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:
1. Be polite. Do not become abusive in messages to others.
2. Use appropriate language. Do not swear, or use vulgarities or any other inappropriate language.
3. Do not reveal personal information, including the addresses or telephone numbers, of students or colleagues.
4. Recognize that the District’s electronic networks are not private. People who operate District technology have access to all email and other data. Messages or other evidence relating to or in support of illegal activities may be reported to the authorities.
5. Do not use the networks in any way that would disrupt its use by other users.
6. Consider all communications and information accessible via the electronic networks to be private property.

No Warranties – The District makes no warranties of any kind, whether expressed or implied, for the service it is providing. The District will not be responsible for any damages the user suffers. This includes loss of data resulting from delays, non-deliveries, missed-deliveries, or service interruptions caused by its negligence or the user’s errors or omissions. Use of any information obtained via the Internet is at the user’s own risk. The District specifically denies any responsibility for the accuracy or quality of information obtained through its services.

Indemnification – By using the District’s electronic networks, the user agrees to indemnify the District for any losses, costs, or damages, including reasonable attorney fees, incurred by the District relating to, or arising out of, any violation of these procedures.

Security – Network security is a high priority. If the user can identify or suspect a security problem on the network, the user must promptly notify the system administrator or Building Principal. Do not demonstrate the problem to other users. Keep user account(s) and password(s) confidential. Do not use another individual’s account without written permission from that individual. Attempts to log-on to the network as a system administrator will result in cancellation of user privileges. Any user identified as a security risk may be denied access to the networks.

Vandalism – Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any other network. This includes, but is not limited to, the uploading or creation of malware, such as viruses and spyware.

Telephone Charges – The District assumes no responsibility for any unauthorized charges or fees, including telephone charges, texting or data use charges, long-distance charges, per-minute surcharges, and/or equipment or line costs.
Copyright Web Publishing Rules – Copyright law and District policy prohibit the re-publishing of text or graphics found on the Internet or on District websites or file servers/cloud storage without explicit written permission.

1. For each re-publication (on a website or file server) of a graphic or a text file that was produced externally, there must be a notice at the bottom of the page crediting the original producer and noting how and when permission was granted. If possible, the notice should also include the web address of the original source.

2. Students engaged in producing web pages must provide library media specialists with email or hard copy permissions before the web pages are published. Printed evidence of the status of public domain documents must be provided.

3. The absence of a copyright notice may not be interpreted as permission to copy the materials. Only the copyright owner may provide the permission. The manager of the website displaying the material may not be considered a source of permission.

4. The fair use rules governing student reports in classrooms are less stringent and permit limited use of graphics and text.

5. Student work may only be published if there is written permission from both the parent/guardian and student.

Use of Email – The District’s email system, and its constituent software, hardware, and data files, are owned and controlled by the District. The District provides email to aid students in fulfilling their duties and responsibilities, and as an education tool.

1. The District reserves the right to access and disclose the contents of any account on its system, without prior notice or permission from the account’s user. Unauthorized access by any student to an email account is strictly prohibited.

2. Each person should use the same degree of care in drafting an email message as would be put into a written memorandum or document. Nothing should be transmitted in an email message that would be inappropriate in a letter or memorandum.

3. Electronic messages transmitted via the District’s Internet gateway carry with them an identification of the user’s Internet domain. This domain is a registered name and identifies the author as being with the District. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of the District. Users will be held personally responsible for the content of any and all email messages transmitted to external recipients.

4. Any message received from an unknown sender via the Internet, such as spam or potential phishing emails, should either be immediately deleted or forwarded to the system administrator. Downloading any file attached to any Internet-based message is prohibited unless the user is certain of that message’s authenticity and the nature of the file so transmitted.

5. Use of the District’s email system constitutes consent to these regulations.

Internet Safety

Internet access is limited to only those acceptable uses as detailed in these procedures. Internet safety is supported if users will not engage in unacceptable uses, as detailed in these procedures, and otherwise follow these procedures.

Staff members will supervise students while students are using District Internet access to ensure that the students abide by the Terms and Conditions for Internet access contained in these procedures.
Each District computer with Internet access has a filtering device that blocks entry to visual depictions that are: (1) obscene, (2) pornographic, or (3) harmful or inappropriate for students, as defined by the Children’s Internet Protection Act and as determined by the Superintendent or designee.

The system administrator and Building Principals shall monitor student Internet access.

**Guidelines for Student Distribution of Non-School-Sponsored Publications**

A student or group of students seeking to distribute more than 10 copies of the same material on one or more days to students must comply with the following guidelines:

   e. Is primarily prepared by non-students and distributed in elementary and/or middle schools.
7. A student may use the School District’s Uniform Grievance Procedure to resolve a complaint.

A student or group of students seeking to distribute 10 or fewer copies of the same publication on one or more days to students must distribute such material at times and places and in a manner that will not cause substantial disruption of the proper and orderly operation and discipline of the school or school activities and in compliance with paragraphs 4, 5, 6, and 7.

Annual Notice to Parents about Educational Technology
School districts throughout the State of Illinois contract with different educational technology vendors for beneficial K-12 purposes such as providing personalized learning and innovative educational technologies, and increasing efficiency in school operations.

Under Illinois’ Student Online Personal Protection Act, or SOPPA (105 ILCS 85/), educational technology vendors and other entities that operate Internet websites, online services, online applications, or mobile applications that are designed, marketed, and primarily used for K-12 school purposes are referred to in SOPPA as operators. SOPPA is intended to ensure that student data collected by operators is protected, and it requires those vendors, as well as school districts and the Illinois State Board of Education, to take a number of actions to protect online student data.

Depending upon the particular educational technology being used, our District may need to collect different types of student data, which is then shared with educational technology vendors through their online sites, services, and/or applications. Under SOPPA, educational technology vendors are prohibited from selling or renting a student’s information or from engaging in targeted advertising using a student’s information. Such vendors may only disclose student data for K-12 school purposes and other limited purposes permitted under the law.

In general terms, the types of student data that may be collected and shared include personally identifiable information (PII) about students or information that can be linked to PII about students, such as:

- Basic identifying information, including student or parent/guardian name and student or parent/guardian contact information, username/password, student ID number
- Demographic information
- Enrollment information
- Assessment data, grades, and transcripts
- Attendance and class schedule
- Academic/extracurricular activities
Special indicators (e.g., disability information, English language learner, free/reduced meals or homeless/foster care status)
- Conduct/behavioral data
- Health information
- Food purchases
- Transportation information
- In-application performance data
- Student-generated work
- Online communications
- Application metadata and application use statistics
- Permanent and temporary school student record information

Operators may collect and use student data only for K-12 purposes, which are purposes that aid in the administration of school activities, such as:

- Instruction in the classroom or at home (including remote learning)
- Administrative activities
- Collaboration between students, school personnel, and/or parents/guardians
- Other activities that are for the use and benefit of the school district

Search and Seizure

In order to maintain order and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. “School authorities” includes school liaison police officers.

School Property & Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there. The Superintendent may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Students Searches

School authorities may search a student and/or the student’s personal effects in the student’s possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district’s student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student’s age and sex, and the nature of the infraction.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student’s account on a social networking website that violates the school’s disciplinary rules or school district policy. In the course of the investigation, the student may be
required to share the content that is reported in order for the school to make a factual determination. School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student’s account or profile on a social networking website.

When feasible, the search should be conducted as follows:

1. Outside the view of others, including students,
2. In the presence of a school administrator or adult witness, and
3. By a certificated employee or liaison police officer of the same sex as the student.

Immediately following a search, a written report shall be made by the school authority who conducted the search and given to the Superintendent.

Seizure of Property
If a search produces evidence that the student has violated or is violating either the law or the District’s policies or rules, such evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, such evidence may be transferred to law enforcement authorities.

Questioning of Students Suspected of Committing Criminal Activity
Before a law enforcement officer, school resource officer, or other school security person detains and questions on school grounds a student under 18 years of age who is suspected of committing a criminal act, the building principal or designee will:

a) Notify or attempt to notify the student’s parent/guardian and document the time and manner in writing;
b) Make reasonable efforts to ensure the student’s parent/guardian is present during questioning or, if they are not present, ensure that a school employee (including, but not limited to, a social worker, psychologist, nurse, guidance counselor, or any other mental health professional) is present during the questioning; and
c) If practicable, make reasonable efforts to ensure that a law enforcement officer trained in promoting safe interactions and communications with youth is present during the questioning.

Notification Regarding Student Accounts or Profiles on Social Networking Websites
The Superintendent or designee shall notify students and their parents/guardians of each of the following in accordance with the Right to Privacy in the School Setting Act, 105 ILCS 75 (dps109.news/105ILCS75):

1. School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student’s account or profile on a social networking website.
2. School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student’s account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.
Extracurricular and Athletic Activities

Requirements for Participation in Athletic Activities
A student must meet all academic eligibility requirements and have the following fully executed documents on file with the building nurse before being allowed to participate in any tryouts for an athletic activity:

- A physical form: For students entering grade 6, the “Certificate of Child Health Exam” (dps109.news/HealthExamProof) form required for all incoming students in Grade 6 can serve as the athletic physical. Make sure that your physician checks the interscholastic sports participation box. For students entering grades 7 and 8, the athletic physical form is the IESA “Pre-participation Examination” (dps109.news/IHSAExam) form. In any case, the physical must be less than a year old.

After joining a team coaches will give each team member this Athletic Participation Form (dps109.news/AthleticParticipation), which includes fee information, student accident insurance information and asks parents/guardians to provide emergency information.

Illinois High School Association
Eligibility for most athletics is also governed by the rules of the Illinois High School Association and, if applicable, these rules will apply in addition to this Extracurricular and Athletic Activities Code of Conduct. In the case of a conflict between IHSA and this Code, the most stringent rule will be enforced.

Absence from School on Day of Extracurricular or Athletic Activity
A student who is absent from school after noon is ineligible for any extracurricular or athletic activity on that day unless the absence has been approved in writing by the principal. Exceptions may be made by the designated teacher, sponsor or coach for justifiable reasons, including

1. a pre-arranged medical absence;
2. a death in the student’s family; or
3. a religious ceremony or event.

A student who has been suspended from school is also suspended from participation in all extracurricular and athletic activities for the duration of the suspension.

A student who is absent from school on a Friday before a Saturday event may be withheld from Saturday extracurricular or athletic activities at the sole discretion of the designated teacher, sponsor or coach.

Travel
All students must travel to extracurricular and athletic activities and return home from such activities with his or her team by use of school approved transportation. A written waiver of this rule may be issued by the teacher, sponsor or coach in charge of the extracurricular or athletic activity upon advance written request of a student’s parent/guardian and provided the parent/guardian appears
and accepts custody of the student. Oral requests will not be honored and oral permissions are not valid

**Code of Conduct**

This Code of Conduct applies to all extracurricular and athletic activities and is enforced 365 days a year, 24 hours a day.

This Code does not contain a complete list of inappropriate behaviors. Violations will be treated cumulatively, with disciplinary penalties increasing with subsequent violations. A student may be excluded from extracurricular or athletic activities while the school is conducting an investigation into the student’s conduct.

Students and their parents/guardians are encouraged to seek assistance from the Student Assistance Program for alcohol or other drug problems. Participation in an alcohol or drug counseling program will be taken into consideration in determining consequences for Code of Conduct violations.

**The student shall not:**

1. Violate the school rules and School District policies on student discipline including policies and procedures on student behavior;
2. Ingest or otherwise use, possess, buy, sell, offer to sell, barter, or distribute a beverage containing alcohol (except for religious purposes);

This prohibition does not prohibit legal use of weapons in cooking and in athletics, such as archery, martial arts practice, target shooting, hunting, and skeet;
6. Attend a party or other gathering and/or ride in a vehicle where alcoholic beverages and/or controlled substances are being consumed by minors;
7. Act in an unsportsmanlike manner;
8. Violate any criminal law, including but not limited to, assault, battery, arson, theft, gambling, eavesdropping, vandalism, and reckless driving;
9. Haze or bully other students;
10. Violate the written rules for extracurricular or athletic activity;
11. Behave in a manner that is detrimental to the good of the group or school;
12. Be insubordinate or disrespectful toward the activity’s sponsors or team’s coaching staff; or
13. Falsify any information contained on any permit or permission form required by the extracurricular or athletic activity.

*Hazing* is any humiliating or dangerous activity expected of a student to belong to a team or group, regardless of his or her willingness to participate. *Bullying* includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any physical or verbal act or
conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a detrimental effect on the student's or students' physical or mental health;
3. Interfering with the student’s or students' academic performance;
   or

**Due Process Procedures**

Students who are accused of violating the Code of Conduct are entitled to the following due process:

1. The student should be advised of the disciplinary infraction with which he or she is being charged.
2. The student shall be entitled to a hearing before an appropriate administrator.
3. The student will be able to respond to any charges leveled against him or her.
4. The student may provide any additional information he or she wishes for the administrator to consider.
5. The administrator, with the help of other staff members, if needed, may interview material witnesses or others with evidence concerning the case.
6. If the administrator finds, after reviewing the evidence, that the violation occurred, he or she will impose sanctions on the student, as follows:
   a. Sanctions for violations other than drug and alcohol will be based on the nature of the offense and the number of offenses, and may include suspension from all extracurricular or athletic activities for one of the time periods described below:
      i. A specified period of time or percentage of performances, activities or competitions;
      ii. The remainder of the season or for the next season; or
      iii. The remainder of the student's school career.
    iv. Sanctions for alcohol and other drug violations, including tobacco, nicotine in any form, mood-altering or performance-enhancing drugs, products composed purely of caffeine in a loose powdered form, paraphernalia or any other illegal substance, will be based on the following:

**First violation**

- Use, ingestion, possession, buying, selling, offering to sell, bartering, or distributing: A suspension of one-third of the total number of performances, activities, or competitions or the remainder of the season, whichever is shorter. This penalty will be reduced if the student is enrolled in a school-approved alcohol or drug counseling program.
● Attendance at a party or riding in a vehicle where alcoholic beverages and/or controlled substances are being consumed by minors: A suspension of one-sixth of the total number of performances, activities or competitions, or the remainder of the season, whichever is shorter.

● The student will be required to practice with the group, regardless of the violation (unless suspended or expelled from school).

Second violation

● Use, ingestion, possession, buying, selling, offering to sell, bartering, or distributing: A suspension of 12 weeks or 1 season, including suspension from all performances, activities, or competitions during this period. To participate again in any extracurricular or athletic activity, the student must successfully participate in and complete a school-approved alcohol or drug counseling program and follow all recommendations from that program.

● Attendance at a party or riding in a vehicle where alcoholic beverages and/or controlled substances are being consumed by minors: A suspension of one-third of the season and all extracurricular group performances, activities, or competitions during this period.

● The student may be required to practice with the group (unless suspended or expelled from school).

Third violation

● Use, ingestion, possession, buying, selling, offering to sell, bartering, or distributing: A suspension from extracurricular or athletic activities for the remainder of the student's school career.

● Attendance at a party or riding in a vehicle where alcoholic beverages and/or controlled substances are being consumed by minors: A suspension of one calendar year from the date of the suspension, including all extracurricular and athletic activities during this period.

● The appropriate administrator will make a written report of his or her decision and rationale. The student may appeal the decision to the Principal or Principal's designee.

All students remain subject to all the School District's policies and the school's Student and Parent/Guardian Handbook.

Student Athlete Concussions and Head Injuries
Student athletes must comply with Illinois’ Youth Sports Concussion Safety Act (dps109.news/YouthSportsAct) and all protocols, policies, and bylaws of the Illinois High School Association before being allowed to participate in any athletic activity, including practice or competition.

A student who was removed from practice or competition because of a suspected concussion shall be allowed to return only after all statutory prerequisites are completed, including without limitation, the School District’s return-to-play and return-to-learn protocols (dps109.news/BoardPolicy).

Attendance at School-Sponsored Dances
Only students who attend the school district may attend school-sponsored dances.

All school rules, including the school’s discipline code and dress code, are in effect during school-sponsored dances.

**Soccer Goal Safety**
The Superintendent or designee shall implement the Movable Soccer Goal Safety Act in accordance with the guidance published by the Illinois Department of Public Health. Implementation of the Act shall be directed toward improving the safety of moveable soccer goals by requiring that they be properly anchored.

**Special Education**

**Education of Children with Disabilities**
It is the intent of the District to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 (dps109.news/Act1973) or the Individuals with Disabilities Education Act (dps109.news/IDEA) are identified, evaluated and provided with appropriate educational services.

If a parent/guardian suspects that his or her child is in need of identification, assessment, and placement services for a child that is or may qualify as a student with a disability, the parent/guardian should contact his or her building principal or:

Joanna Ford, Assistant Superintendent for Student Services
517 Deerfield Road
Deerfield, IL 60015
(847) 945-1844 x7229
jford@dps109.org

The School provides a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the school. The term “children with disabilities” means children between ages 3 and the day before their 22nd birthday for whom it is determined that special education services are needed. It is the intent of the school to ensure that students with disabilities are identified, evaluated, and provided with appropriate educational services.

A copy of the publication “Explanation of Procedural Safeguards Available to Parents/Guardians of Students with Disabilities” (dps109.news/ProceduralSafeguards) may be obtained from the District office.

Students with disabilities who do not qualify for an individualized education program, as required by the federal Individuals with Disabilities Education Act and implementing provisions of this Illinois law, may qualify for services under Section 504 of the federal Rehabilitation Act of 1973 if the student (i) has a physical or mental impairment that substantially limits one or more major life activities, (ii) has a record of a physical or mental impairment, or (iii) is regarded as having a physical or mental impairment.

A copy of ISBE’s parental guide to educational rights can be found here (dps109.news/EducationalRights).
Discipline of Students with Disabilities

Behavioral Interventions

Behavioral interventions shall be used with students with disabilities to promote and strengthen desirable behaviors and reduce identified inappropriate behaviors. The School Board will establish and maintain a committee to develop, implement, and monitor procedures on the use of behavioral interventions for children with disabilities.

Discipline of Special Education Students

The District shall comply with the Individuals With Disabilities Education Improvement Act of 2004 (dps109.news/IDEA) and the Illinois State Board of Education’s Special Education rules when disciplining special education students. No special education student shall be expelled if the student’s particular act of gross disobedience or misconduct is a manifestation of his or her disability.

Exemption From Physical Education Requirement

A student who is eligible for special education may be excused from physical education courses in either of the following situations:

1. He or she
   a. Is in grades 3-8,
   b. His or her IEP requires that special education support and services be provided during physical education time, and
   c. The parent/guardian agrees or the IEP team makes the determination; or

2. He or she
   a. Has an IEP,
   b. Is participating in an adaptive athletic program outside of the school setting, and
   c. The parent/guardian documents the student’s participation as required by the Superintendent or designee.

A student requiring adapted physical education will receive that service in accordance with the student’s Individualized Education Program.

Access to Classroom for Special Education Observation or Evaluation

The parent/guardian of a student receiving special education services, or being evaluated for eligibility, is afforded reasonable access to educational facilities, personnel, classrooms, and buildings. This same right of access is afforded to an independent educational evaluator or a qualified professional retained by or on behalf of a parent/guardian or child.

For further information, please contact the building principal.

Related Service Logs

For a child with an individualized education program (IEP), the school district must create related service logs that record the type of related services administered under the child’s IEP and the minutes of each type of related service that has been administered. The school will provide a child’s parent/guardian a copy of the related service log at the annual review of the child’s IEP and at any other time upon request.
Student Records & Privacy

Student Privacy Protections

Surveys by Third Parties: Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student’s parent/guardian may inspect the survey or evaluation, upon their request and within a reasonable time of their request. This applies to every survey:

1. That is created by a person or entity other than a District official, staff member, or student,
2. Regardless of whether the student answering the questions can be identified, and
3. Regardless of the subject matter of the questions.

Parents/guardians who object to the disclosure of information concerning their child to a third party may do so in writing to the building principal.

Surveys Requesting Personal Information: The District will provide notice prior to issuing a survey containing one or more of the following items:

1. Political affiliations or beliefs of the student or the student’s parent/guardian.
2. Mental or psychological problems of the student or the student’s family.

9. The student’s parent/guardian may:
   a. Inspect the survey or evaluation upon, and within a reasonable time of their request, and/or
   b. Refuse to allow their child to participate in the survey. The school will not penalize any student whose parent/guardian exercised this option.

The student’s parent/guardian may inspect the survey or evaluation upon, and refuse to allow their child to participate in the survey. The school will not penalize any student whose parent/guardian exercised this option. The school also will not collect any personal student information for the purpose of marketing or in order to sell that information. In the event a student does not participate in a survey, the District will not request or release the identity of a student.

Selling or Marketing Students’ Personal Information Is Prohibited: No school official or staff member may market or sell personal information concerning students (or otherwise provide that information to others for that purpose). The term personal information means individually identifiable information including:

1. A student or parent/guardian’s first and last name,
2. A home or other physical address (including street name and the name of the city or town),
3. A telephone number,
4. A Social Security identification number or
5. Driver’s license number or State identification card.
The above paragraph does not apply:

1. If the student's parent/guardian has consented; or
2. To the collection, disclosure or use of personal information collected
   from students for the exclusive purpose of developing, evaluating or
   providing educational products or services for, or to, students or
   educational institutions.

**Instructional Material**
A student’s parent/guardian may inspect, upon their request, any instructional material used as part
of their child’s educational curriculum within a reasonable time of their request.

**Student Records**
A school student record is any writing or other recorded information concerning a student and by
which a student may be identified individually that is maintained by a school or at its direction or by a
school employee, regardless of how or where the information is stored, except for certain records
kept in a staff member’s sole possession; records maintained by law enforcement officers working in
the school; video and other electronic recordings (including electronic recordings made on school
buses) that are created in part for law enforcement, security, or safety reasons or purposes, though
such electronic recordings may become a student record if the content is used for disciplinary or
special education purposes regarding a particular student.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford
parents/guardians and students over 18 years of age (“eligible students”) certain rights with respect
to the student’s school records. They are:

1. **The right to inspect and copy the student’s education records within 10 business days
   of the day the District receives a request for access.**
   The degree of access a student has to his or her records depends on the student’s age. Students less than 18 years of age have the right to inspect and copy only their permanent record. Students 18 years of age or older have access and copy rights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. Within 10 business days, the building principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. In certain circumstances, the District may request an additional 5 business days in which to grant access. The District charges $.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost. These rights are denied to any person against whom an order of protection has been entered concerning the student.

2. **The right to request the amendment of the student’s education records that the
   parent/guardian or eligible student believes are inaccurate, irrelevant, or improper.**
   A parent/guardian or eligible student may ask the District to amend a record that is believed to
   be inaccurate, irrelevant, or improper. Requests should be sent to the building principal and
   should clearly identify the record the parent/guardian or eligible student wants to be changed
   and the specific reason a change is being sought. If the District decides not to amend the
3. **The right to permit disclosure of personally identifiable information contained in the student’s education records, except to the extent that the FERPA or Illinois School Student Records Act authorizes disclosure without consent.**

Disclosure without consent is permitted to school officials with legitimate educational or administrative interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; A school official may also include a volunteer, contractor, or consultant who, while not employed by the school performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of personally identifiable information from education records (such as an attorney, auditor, medical consultant, therapist), or educational technology vendor; or any parent/guardian or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility or contractual obligation with the district. Upon request, the District discloses education records without consent to officials of another school district in which a student has enrolled or intends to enroll, as well as to any person as specifically required by State or federal law. Before information is released to these individuals, the parents/guardians or eligible student will receive prior written notice of the nature and substance of the information, and an opportunity to inspect, copy and challenge such records. Academic grades and references to expulsions or out-of-school suspensions cannot be challenged at the time a student’s records are being forwarded to another school to which the student is transferring. Disclosure is also permitted without consent to any person for research, statistical reporting or planning, provided that no student or parent/guardian can be identified; any person named in a court order; appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or other persons; and juvenile authorities when necessary for the discharge of their official duties who request information before adjudication of the student.

4. **The right to a copy of any school student record proposed to be destroyed or deleted.**

The permanent record is maintained for at least 60 years after the student transfers, graduates, or permanently withdraws. The temporary record is maintained for at least 5 years after the student transfers, graduates, or permanently withdraws. Temporary records that may be of assistance to a student with a disability who graduates or permanently withdraws, may, after 5 years, be transferred to the parent/guardian or to the student, if the student has succeeded to the rights of the parent/guardian. Student temporary records are reviewed every 4 years or upon a student’s change in attendance centers, whichever occurs first.

5. **The right to prohibit the release of directory information.**

Throughout the school year, the District may release directory information regarding students, limited to:

- Name
• Address
• Grade level
• Birthdate and place
• Parent/guardian names, addresses, electronic mail addresses, and telephone numbers
• Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs
• Academic awards, degrees, and honors
• Information in relation to school-sponsored activities, organizations, and athletics
• Major field of study
• Period of attendance in school

Any parent/guardian or eligible student may prohibit the release of any or all of the above information by delivering a written objection to the building principal within 30 days of the date of this notice.

6. The right to request that military recruiters or institutions of higher learning not be granted access to your student's information without your prior written consent.2 Federal law requires a secondary school to grant military recruiters and institutions of higher learning, upon their request, access to secondary school students’ names, addresses, and telephone numbers, unless the student’s parent/guardian, or student who is 18 years of age or older, submits a written request that the information not be released without the prior written consent of the parent/guardian or eligible student. If you wish to exercise this option, notify the building principal.

7. The right contained in this statement: No person may condition the granting or withholding of any right, privilege or benefits or make as a condition of employment, credit, or insurance the securing by any individual of any information from a student's temporary record which such individual may obtain through the exercise of any right secured under State law.

8. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.

The name and address of the Office that administers FERPA is:

U.S. Department of Education
Student Privacy Policy Office
400 Maryland Avenue, SW
Washington DC 20202 8520

The District’s official records custodian is:

Student Biometric Information
Before collecting biometric information from students, the school must seek the permission of the student’s parent/guardian or the student, if over the age of 18. Biometric information means information that is collected from students based on their unique characters, such as a fingerprint, voice recognition or retinal scan.

Parental Right Notifications

Standardized Testing
Students and parents/guardians should be aware that the State and District require students to take certain standardized tests, including the following:

- MAP
- IAR
- ISA
- PSAT
- KIDS Assessment

Parents/Guardians are encouraged to cooperate in preparing students for the standardized testing because the quality of the education the school can provide is partially dependent upon the school’s ability to continue to prove its success in the state’s standardized tests. Parents/guardians can assist their students to achieve their best performance by doing the following:

1. Encourage students to work hard and study throughout the year;
2. Ensure students get a good night’s sleep the night before exams;
3. Ensure students eat well the morning of the exam, particularly ensuring they eat sufficient protein;
4. Remind and emphasize for students the importance of good performance on standardized testing;
5. Ensure students are on time and prepared for tests, with appropriate materials;
6. Teach students the importance of honesty and ethics during the performance of these and other tests;
7. Encourage students to relax on testing day.

Homeless Child’s Right to Education
When a child loses permanent housing and becomes a homeless person as defined at law, or when a homeless child changes his or her temporary living arrangements, the parent or guardian of the homeless child has the option of either:

- Continuing the child’s education in the school of origin for as long as the child remains homeless or, if the child becomes permanently housed, until the end of the academic year during which the housing is acquired; or
- Enrolling the child in any school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

Assistance and support for homeless families include the food bank at the West Deerfield Township Food Pantry (dps109.news/FoodPantry), 601 Deerfield Road, Deerfield, IL 60015, 847-945-0614.
Family Life & Sex Education Classes
Students will not be required to take or participate in any class or courses in comprehensive sex education, including in grades 6-12, instruction on both abstinence and contraception for the prevention of pregnancy and sexually transmitted diseases, including HIV/AIDS; family life instruction, including in grades 6-12, instruction on the prevention, transmission, and spread of AIDS; instruction on diseases; recognizing and avoiding sexual abuse; or instruction on donor programs for organ/tissue, blood donor, and transplantation, if his or her parent or guardian submits a written objection. The parent or guardian’s decision will not be the reason for any student discipline, including suspension or expulsion. Nothing in this Section prohibits instruction in sanitation, hygiene or traditional courses in biology.

Parents or guardians may examine the instructional materials to be used in any District sex education class or course.

English Learners
The District offers opportunities for resident English Learners to achieve at high levels in academic subjects and to meet the same challenging State standards that all children are expected to meet. Parents/guardians of English Learners will be informed of how they can:

1. be involved in the education of their children; and
2. be active participants in assisting their children to attain English proficiency, achieve at high levels within a well-rounded education, and meet the challenging State academic standards expected of all students;
3. participate and serve on the District’s Transitional Bilingual Education Programs Parent Advisory Committee.

For questions related to this program or to express input in the school’s English Language Learners program, contact Joanna Ford at jford@dps109.org.

School Visitation Rights
The School Visitation Rights Act (dps109.news/VisitationRights) permits employed parents/guardians, who are unable to meet with educators because of a work conflict, the right to time off from work under certain conditions to attend necessary school functions such as parent-teacher conferences, academic meetings and behavioral meetings. In addition, the District will provide accommodations for students and parents/guardians with disabilities at all school programs, parent/guardian conferences, and at school board meetings. The District also provides equal access to hold meetings in its facilities by the Boy Scouts of America and other designated youth groups so long as the organization requests to hold meetings on District property pursuant to District policy.

Asbestos Management Plan
The District will provide notice to parents/guardians, teachers, and employee organizations of inspections, response actions, and post-response action activities regarding the management of asbestos on district property. The plan is available for your review at each school and in the District Center during normal business hours.
Pesticide Application Notice
The District maintains a registry of parents/guardians of students who have registered to receive written or telephone notification prior to the application of pesticides to school grounds. To be added to the list, please contact Sally Wyman (swyman@dps109.org).

Notification will be given before the application of the pesticide. Prior notice is not required if there is an imminent threat to health or property.

Mandated Reporter
All school personnel, including teachers and administrators, are required by law to immediately report any and all suspected cases of child abuse or neglect to the Illinois Department of Children and Family Services.

Unsafe School Choice Option
The unsafe school choice option allows students to transfer to another District school or to a public charter school within the District. The unsafe school choice option is available to: (1) All students attending a persistently dangerous school, as defined by State law and identified by the Illinois State Board of Education; and (2) Any student who is a victim of a violent criminal offense that occurred on school grounds during regular school hours or during a school-sponsored event.

Student Privacy
The District has adopted and uses several policies and procedures regarding student privacy, parental access to information and administration of certain physical examinations to students. These policies are available at dps109.news/BoardPolicy.

Sex Offender Notification Law
State law prohibits a convicted child sex offender from being present on school property when children under the age of 18 are present, except for in the following circumstances as they relate to the individual’s child(ren):

1. To attend a conference at the school with school personnel to discuss the progress of their child.
2. To participate in a conference in which evaluation and placement decisions may be made with respect to their child’s special education services.
3. To attend conferences to discuss issues concerning their child, such as retention or promotion.

In all other cases, convicted child sex offenders are prohibited from being present on school property unless they obtain written permission from the superintendent or school board.

Anytime that a convicted child sex offender is present on school property for any reason – including the three reasons above – he/she is responsible for notifying the principal’s office upon arrival on school property and upon departure from school property. It is the responsibility of the convicted child sex offender to remain under the direct supervision of a school official at all times he/she is in the presence or vicinity of children.

A violation of this law is a Class 4 felony.
Violent Offender Community Notification
State law requires schools to notify parents/guardians during school registration or parent-teacher conferences that information about sex offenders and violent offenders against youth is available to the public on the Ill. Dept. of State Police (ISP) website. The ISP website contains the following:

**District 109 1:1 Learning Environment**

**Introduction**
District 109’s mission is to provide educational experiences of the highest quality that engage, inspire, and empower each student to excel and contribute in a changing world. That mission guides every step of the District’s move to a 1:1 transformative learning environment, where every student has a device that allows him or her to collaborate with peers and teachers, and connect to a world of learning in and out of the classroom. In our District, we believe that all students can learn and achieve to their highest ability, and a 1:1 environment will support this belief.

This transformative environment brings with it great opportunities for teaching and learning, requires communication between schools and families, and places responsibility on students for the responsible use and care of the device.

This provides valuable information for families and outlines the expectations of all stakeholders in a 1:1 environment: students, teachers and staff, and parents/guardians.

**Questions?**
If you have questions about District 109’s 1:1 transformative learning environment, any information in this document, or the user agreement, please contact Maria Galanis, Innovation Curriculum Specialist and Jason Jezuit, Director for Learning.

**Device Distribution & Collection**
*Distribution:* Devices will be distributed during the first week of the school year. Students who transfer into District 109 will receive their device within their first week in attendance.

*Collection:* All devices will be collected at the end of the school year with all accessories originally provided. Accessories include: a power adaptor/charger (Chromebook and iPad), stylus pen (Chromebook only), case and/or bag, if provided (iPad or Chromebook).

If a student fails to turn in the device or any of the accessories, the family will be charged the full replacement cost for the device and its accessories.

Any student who leaves District 109 during the school year must turn in the school-issued device and accessories prior to the last day of attendance. Again, the family will be charged the full replacement cost for the device and its accessories if the device isn’t returned.

Any stylus pen, charger, or bag/case lost, damaged, or not returned at the end of the school year will result in a replacement charge to the family.
Using the Device at School
Students are expected to bring their fully charged device to school every day and bring their device to all classes unless they are advised differently by a particular teacher. If a student does not bring the device to school:

- He or she may ask their classroom teacher if there is a loaner available. If the teacher does not have a loaner available, the student can check with the Library Media Center - “LMC” (Elementary Schools) or Learning Commons - “LC” (Middle Schools).
- The student maintains responsibility for the device as if it were their own for the school day.
- The student must return the teacher’s device to the classroom teacher at the end of the school day. If a student checks out a loaner from the LMC or the LC, he or she can take the device home at the end of the school day until their original device is returned to them, at which point the student will return their loaner device to the LMC or LC.

Charging Devices: Many classrooms have limited charging capabilities. Once the battery is completely depleted, the devices take a few minutes to recharge. Therefore, all devices are expected to be brought to school fully charged.

Backgrounds and Themes: Inappropriate media may not be used as a background for any device. The presence of such media will result in disciplinary action per policy and procedures (Board Policy 6:235 - dps109.news/BoardPolicy)

Sound: The sound of any devices are expected to be on mute at all times unless permission is given by a teacher. It is recommended that all students have a pair of earbuds or headphones with them at school at all times to be used at the discretion of the teacher.

Printing: Chromebooks do not easily support printing. When printing is necessary, students can use library computers to print material.

Using the Device Outside of School
Students are expected to use their school-issued device on school-related assignments. They are bound by the Deerfield Public Schools Acceptable Use Policy, 1:1 User Agreement, and general behavior guidelines, whenever they use their device outside of school. Note: K/1 iPads remain in the classroom.

Care and Maintenance
General Care:
- Keep food and drinks away from the device.
- Devices should remain free of all stickers, embellishments, and decals not already on the device.
- Insert and remove charge cords and earbuds from the device with care to prevent damage.
- Students are responsible for keeping the device’s battery charged for daily school use. Note: K/1 devices will be charged in the classroom.
- Students must honor and abide by all District 109 policies, procedures, rules, and guidelines.

Screen Care:
- Keep screens away from any rough or sharp objects that can scratch or crack the screen.
- Do not place heavy objects on top of the device; doing so could damage the screen.
• Clean the screen with a soft, dry cloth or anti-static cloth only. Liquid type cleaners such as Windex should be avoided at all times.

**Transporting the Device:**
• iPads must remain in the school-issued case at all times.
• Chromebooks must be transported in their school-issued case at all times.
• When placing devices in backpacks, use extreme care so as not to put any unnecessary pressure on the device.
• Prevent heavy items in the backpack from being placed against or on top of the devices.
• When moving around the classroom or at home with a Chromebook, the student should close the device and carry it with both hands.

**Device Identification**
The District will maintain a log of all devices that includes a serial number. Each device will be given a label with the student’s name and school/grade level information. Do not remove this label at any time!

**Repairs/Replacement-**
**Repairs:**
• Students or anyone outside of school should never try to repair a device on their own, as this could void any warranty on the devices.
• Students will take their damaged device to the LMC or LC; the Library Information Specialist or LMC assistant will assist on behalf of the student.
• If the device requires a repair, a loaner device will be issued to the student if one is available.
• If the student is issued a loaner device, the device may be taken home.
• When a device has been repaired, the student will be contacted to pick up their repaired Chromebook and return their loaner device.
• Families will be charged a replacement fee if the students demonstrate an abuse of their 1:1 device. Parents/guardians will be notified of the need for repair or replacement by a building administrator and the appropriate fee will be applied to the Family Access account.
• All accessories, in addition to the device, must be returned at the end of the year. A replacement fee will be charged if not returned.
• The District will not make cosmetic repairs to devices.
• DPS109 students are encouraged to use the DPS109 issued device to support their learning. Any devices issued to students remain property of DPS109. Students are not to "dress" or "decorate" their DPS109 issued device with any kinds of stickers or labels. Some stickers and labels leave behind unhealthy residue and tacky surfaces that can damage the devices. To avoid holding families fiscally liable for damages to school/district property, students should avoid adding any kind of "decorations" to their DPS109 issued learning device.
• The District will not cover the loss or damage of device accessories.

**No Expectation of Privacy**
Students have no expectation of privacy in any material that is stored, transmitted, or received via the District’s electronic network, school-issued device, or school/district-provided subscription services. Electronic communications, documents, files, and downloaded material are monitored and can be read by school officials at any time.
Content Filter

The District utilizes Internet content filters that are in compliance with the federally mandated Children’s Internet Protection Act (CIPA) and all other required federal and state mandates and statutes. All school-devices, regardless of physical location (in or out of school), will have all Internet activity protected and monitored by the District. If a website is blocked in school, then it will be blocked out of school. If an educationally valuable site is blocked, students should contact their teachers who can request that the site be unblocked (“whitelisted” in support of our educational mission).

G-Suite for Education Notice to Parents/Guardians
This notice describes the personal information we provide to Google for these accounts and how Google collects, uses, and discloses personal information from students in connection with these accounts.

Using their G Suite for Education accounts, students may access and use the “Core Services” (dps109.news/GSuite) (i.e., Google Docs, Google Sheets, Google Slides, Gmail, Google Classroom) offered by Google. In addition, we also allow students to access certain other Google services with their G Suite for Education accounts. Specifically, your child may have access to appropriate “Additional Services” (YouTube, Blogger, Maps).

Google provides information about the information it collects, as well as how it uses and discloses the information it collects from G Suite for Education accounts in its G Suite for Education Privacy Notice (dps109.news/GSuiteEd). You should review this information in its entirety, but below are answers to some common questions.

Parent/Guardian Portal
Parents/guardians will be registered to a district service provider that allows them to monitor student activity on the school-issued device. This benefit fulfills two purposes - 1) to establish quality security measures that keep our students’ online behavior/safety properly managed and to partner with our parent/guardian community who, in collaboration, can support our commitment to digital citizenship.

Digital Citizenship
School-issued devices should be used for educational purposes. Students are to adhere to the Authorization for Electronic Network Access (dps109.news/NetworkAccess), which every family signs upon entering District 109. Students will adhere and agree to the following:

- **Respect yourself.** I will show respect for myself through my actions. I will select online names that are appropriate. I will use caution with the information, images, and other media that I post and view online. I will carefully consider what personal information I post.
- **Respect others.** I will show respect for others. I will not use electronic mediums to antagonize or bully others.
- **Protect yourself.** I will ensure that the information, images, and materials I post online will not put me at risk. I will not publish my personal details, contact details, or a schedule of my activities. I will report any attacks or inappropriate behavior directed at me while online. I will protect my passwords, accounts, and resources.
- **Protect others.** I will protect others by reporting abuse and not forwarding inappropriate materials or communications.
Apps, Websites & Other Tools
District 109 maintains a list of all of the iOS apps and third-party web applications that teachers and staff may use to engage, inspire and empower students in the District 1:1 environment (dps109.news/ApprovedApps). Resources are vetted by the Department of Teaching, Learning, and Innovation for age-appropriate educational value, as well as safety and security. Any app, subscription, or website that requires the district to provide student information will be HIPPA and COPPA compliant to maintain student privacy. Teachers may share apps specific to their classrooms with parents/guardians throughout the school year.
2021-2022 Student & Parent/Guardian Handbook
Acknowledgment

I have downloaded an online copy of the District 109 Student and Parent/Guardian Handbook, or have reviewed a printed copy (available from my child’s school or the District Center). I have read the handbook and understand all the rules and expectations, including rules and responsibilities related to 1:1 devices. I agree to be responsible for following all of the rules and expectations of the school and understand the consequences of failing to follow the requirements.

I understand that the Student and Parent/Guardian Handbook and School District policies may be amended during the year without notice. This handbook in the latest version is applicable to all students upon the implementation of any change. The administration will notify all parents and students, where possible, of any changes to the handbook as soon as is practicable.

I understand that my failure to confirm receipt of this acknowledgment will not relieve me or my child from being responsible for knowing or complying with School and School District rules, policies and procedures.

Please confirm that you have received this handbook and reviewed it with your child(ren). By signing below, I indicate that I have read the Student and Parent/Guardian Handbook with my child. The Deerfield Public Schools District 109 has provided my child with a 1:1 technology device (iPad, Chromebook, laptop, etc.) and I certify that such device is necessary for my child to adequately participate in remote learning and/or complete internet-based homework assignments. He or she agrees to abide by all rules of District 109 and applicable laws that relate to the use of his or her 1:1 device. Parents/Guardians must complete this step for each of their children; the agreement must be completed in order for students to keep and use their 1:1 device.
